RE: Reference Letter - High Security LockSmiths - Vilhelm Vegh

Dear Sir/Madame:

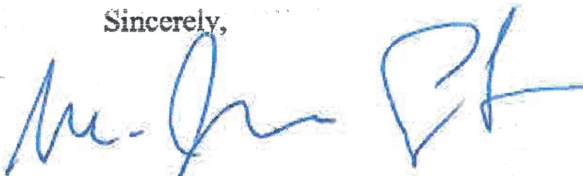

It is with pleasure that I write this letter in support of Vilhelm Vegh, and his company, High Security Locksmiths. Over the last 9 years, Vilhelm has provided me with professional expert advice on security and lock installation, and I have used his services, sales and support for the protection of my home and family. I have recommended his services to my closest friends and family. I trust his advice, recommendations, and work.

I also continue to rely on Mr. Vegh's services and trust his choice of security hardware at my 2 companies, Visible Assets, Inc. (manufactures IPV4 encrypted RFID tags and reading devices for medical and military equipment) and cBox Inc. (manufactures Wireless lock boxes).

It is without hesitation that I recommend High Security Locksmiths and its owner Mr. Vegh.

Feel free to contact me if you would like to discuss Mr. Vegh in more detail.

Sincerely,

M. Jason August
